Parent/Guardian Code Of Conduct

Ever Rising Dance expects **ALL** parents to:

- Treat everyone who enters the building with respect. This includes fellow parents/guardians, teachers and pupils.
- Positively reinforce your child please do not put pressure on your child as dance is for the dancer's enjoyment.
- Please ensure your dancer is on time to class – this means they will get the full warm-up in order to prevent injuries and prepare them for the class ahead. We understand that sometimes there can be outside factors that may affect this. Please just send us a quick message on our email everrisingdance@outlook.com or our business whatsapp 07356246388.
- Please ensure your dancer is dressed appropriately for class with no socks, hair tied up and away from face and all jewellery removed for safety reasons.
- On drop-off please bring your dancer to the studio door where we will sign them in to get ready for class. On collection your dancer will be released from the studio door one by one to ensure they are safely returned into your care. If someone different is dropping off/picking up please just make us aware beforehand verbally or by message so we know the dancer is safe.
- There are small waiting areas with a few chairs in the corridor outside of the studio if you wish to wait but some parents choose to wait in their car to get a little peace and quiet or have some time at home and return for their dancer. If there are any issues you will be contacted via your emergency contact numbers.
- Ensure all payments are made by the due date. Incomplete payments will end up with your child not being able to take class.
- Ensure all contact details, medical information and address are all up to date and please make us aware of any changes to this.
- Please do not take any pictures/videos of any class without permission from the teacher. If permission is given, please ensure only your child is in shot.
